Amendments

This manual is kept up to date by amendments consisting of loose-leaf pages, required to add new information or amend existing information. Pages affected by an amendment and the effective date are shown above. The pages themselves are identified by a change of the issue number at the bottom of each page. The number after the point in the issue number represents the amendment level of that page, e.g. the page marked Issue 1.4 is at Issue 1, modified by Amendment 4.

NOTE: Revised text on the affected page(s) indicated by a vertical black line along left margin.
